Importance: High

Thank you for your time this past Monday in vetting the SMP projects. Attached is the scoring sheet (ESLT project review). As requested from the Monday meeting, I am also sending the Knowledge Transfer Checklist and Menu. These documents serve only as a starting point and may or may not be the final products.

Lastly, I am sending you the attached EPR project, it was a timely submission this past Monday. There is also one more project, however, I don't have it yet so when Elaine returns on Friday she will send it to you for scoring. Please respond to Elaine with your scores.
